Tax rules

Domestic and foreign natural persons

Pursuant to the currently effective provisions of Act CXVII of 1995 on Personal Income Tax, which was modified several times, our Company deducts 15% personal income tax in case of ordinary shares from natural persons to whom the Act applies.

In case of *natural person shareholders with foreign residence*, if the shareholder wishes to receive the dividend with the application of the reduced tax deduction rate on the basis of the conventions regulating the avoidance of double taxation, the shareholder shall provide the documents set out in Annex 7 of Act CXVII of 1995 on Personal Income Tax (hereinafter: Personal Income Tax Act) to KELER Zrt. by 2nd June 2023. We draw the attention of the securities account managers to the fact that for the certification of the foreign residence it is sufficient to have the English copy of the document issued by the foreign tax authority, the professional Hungarian translation thereof, or a copy of one of them, so we can accept residence certificates issued in this form for the 2022 tax year. If there is a need for a declaration of beneficial ownership under the convention regulating the avoidance of double taxation, the document provided with a translation constitutes the adoption thereof as well. Naturally, the declaration of beneficial ownership may be made in Hungarian. In the event that neither the certificate of residency nor its subsequent supplementing is received by KELER Zrt. by 2nd June 2023, the dividend will be transferred with the deduction of a personal income tax of 15%. If the shareholder with foreign residence has the documents set out in Annex 7 of the Personal Income Tax Act, and there is a convention on the avoidance of double taxation between the two countries and it provides for a reduced tax rate, but the shareholder does not submit the documents by 2nd June 2023 to KELER Zrt. and, as a result, the dividend was transferred with the deduction of a personal income tax of 15%, then the client may submit a tax refund claim to the National Tax and Customs Office with regard to the difference between the 15% and the reduced tax rate. The tax authority transfers the tax difference to the payment account indicated by the natural person with foreign residence (Section 4 of Annex 7 of the Personal Income Tax Act).

In case of nominees the rate of taxation (personal income tax) by which the amount of dividend to be paid shall be deducted from 2012 and following years is 15%.

If the nominee makes a statement on the number of shares owned by its represented legal entity shareholders in its shareholder identification at the end of 2nd June 2023, the dividend shall be transferred for the nominee without deduction of personal income tax.

If the nominee makes a statement on domestic natural person shareholder(s) and provides data thereof, the dividend shall be transferred for the nominee with the deduction of a personal income tax of 15%.

If the nominee makes a statement on foreign natural person shareholder(s) in order to be subject to reduced tax rate, the provisions on foreign natural person laid down above shall be applied.

Shares held on a long-term investment account

In case of shares committed by domestic and foreign natural persons on the basis of a long-term investment contract according to Article 67/B of the Personal Income Tax Act, dividends shall be paid without the deduction of taxes (paragraph c) of Section (6) of Article 67/B of the Personal Income Tax Act). The securities account manager is required, simultaneously with the notice on the dividend claim, to provide KELER Zrt. with the information that the shares are committed on the basis of a long-term investment contract. If the securities account manager fails to do so, the dividend shall be paid with the deduction of a 15% personal income tax.

Domestic and foreign legal entities

Dividend payment to a legal entity shareholder shall be made without the deduction of public dues.

KELER Zrt. shall issue a tax certificate and send it to the shareholders by post regarding the dividends paid on the shares for 2022 and the amount of deducted taxes. Dividends for 2022 may be claimed for 5 years from the commencement date of the dividend payment, after which the claim for dividends shall expire.
